To whom it concerns;

This is to confirm Anixter Canada's intent to support Katlotech with its vision and development of a Fiber Optic Network and all related construction activities in the region for the period of construction and beyond.

Within the scope of these projects, Anixter is aligning itself with Kaltotech through the meeting of specific performance standards and applying industry best practices recognized throughout North America.

Katlotech Communications' account with Anixter is in good standing and current.

Sincerely,

Jeff Jeske

Regional Vice President Western Canada
