**Re: Next Generation Fibre Optic Network**

Dear Mr. Fabian,

On behalf of the Yellowknife Chamber of Commerce, please accept this letter of support for your Next Generation Fibre Optic Network.

Access to reliable, high speed internet is an important issue for Yellowknife businesses – we live in a digital age where businesses rely on internet access to process payments, to access internal cloud-based databases and to communicate with clients and suppliers. With the COVID-19 pandemic, the need for reliable internet has only increased as businesses have been required to transition to online sales and working remotely.

I think your plans to focus on Net Neutrality, with no limits, no caps and no slowdowns will be particularly valuable to the Yellowknife business community and we wish you all the best with your project.

Sincerely,

A handwritten signature in blue ink, appearing to read "Deneen Everett".

Deneen Everett  
Executive Director  
Yellowknife Chamber of Commerce
