Re: KatloTech's Next Generation Fibre Network

Dear Mr. Fabien:

Thank you for your email highlighting KatloTech's plans for a Fibre Network deployment in Northern Canada.

Government of Yukon supports initiatives that improve Yukon residents and businesses access to broadband services. We are supportive of KatloTech's proposal "Phase Four" which would connect Whitehorse and Fort Nelson by an independent fibre and introduce a data centre into Whitehorse, YT.

Thank you again for your letter. We look forward to further discussions as the project develops.

Sincerely,

Jaime W. Pitfield
Deputy Minister
