Dear Mr. Fabien:

KatloTech's Next Generation Fibre Network

Thank you for your email highlighting KatloTech's plans for a Fibre Network deployment in Northern Canada.

The Government of the Northwest Territories (GNWT) supports initiatives that improve access to broadband services for Northwest Territories (NWT) residents and businesses. We are supportive of KatloTech's proposal to run fibre that may positively impact the communities of Hay River, Enterprise, Fort Simpson, Inuvik, and Tuktoyaktuk, and to introduce new data centers in various NWT locations.

Thank you again for taking the time to share your exciting project. We look forward to future discussions as your project develops.

Sincerely,

Sandy Kalgutkar
Deputy Minister, Finance
